

**District 41 / April 2014**  
**Website Report**

I spoke with the current hosting company and have worked everything out – I will be updating the current website and expanding it by the next district meeting.

If you have ANY suggestions, ideas, comments, feedback, angry rants, WHATEVER about what would be good to add/remove/change on the website please let me know. The goal is to get the website information up to date immediately, then add in additional functionalities and mobile support.

Jon M., Website Coordinator  
District 41, Johnstown
